

Your Way to Say Goodbye

(Broenner/Hoare)

First you say let's go out
But it's getting late for you
So you say you come by
When you're there it's almost two
Is this your way to say goodbye?
Is this your way to say goodbye?

You invite me to dine
At a secret rendezvous
Then you sip at your wine
Asking if I'll pay for you
Is this your way to say goodbye?
Is this your way to say goodbye?

Well I guess I was dreaming
Because at first it just didn't show
I keep getting a feeling
That in the end I'd have to go

If I work you complain
That I don't have time for you
But whenever I'm free
You've got better things to do
Is this your way to say goodbye?
Is this your way to say goodbye?

Well I guess I was dreamin'
Because at first it just didn't show
I keep getting a feeling
That in the end I'd have to go

As you said we were through
Next you said your place on mine?
And it's nothing that's new
Maybe that's the bottom line
Guess it's your way to say goodbye
Guess it's your way to say goodbye
Yes, it's your way to say goodbye
